

SOUTH TAHOE HIGH SCHOOL

Home of the Vikings

Dear H.E.R.O Selections Committee,

....is a natural leader and empath. He is resilient, extremely optimistic, focused, and an extremely kind and genuine young man! He is a great student and challenges himself on and off numerous sports fields, and works hard for everything he has! He juggles high school life with grace and faces challenges with grit and tenacity!

.... has had his fair share of struggles mentally and emotionally throughout his life and instead of wallowing in things that may be out of his control, he uses those to build himself up and help others. He is a great friend and has an impeccable work ethic, always putting others first and figuring out ways to make those around him feel better and to make the world a better place.

Upon graduation, will be attending a private 4-year Liberal Arts University in Southern California by the name of Whittier. He is going to be playing football there *AND* majoring in clinical psychology so he can help others and has the perseverance and drive to achieve this lofty goal!

.... emulates a true HERO in not just my eyes, but most staff and teachers here at STHS. Thank you for considering him for this award, he is going to make us all very proud!

Yours in Education,

Katie Bongard
Counselor, STHS
